### Evaluation of IQA System in DSMA: Moving toward Quality Culture

Dear participant,

My name is Dr. Mo Mo Than, the principal investigator of this research, and I am pursuing my Fellowship from FAIMER (Foundation for Advancement of International Medical Education and Research), FRIENDSHIP, 2020. My study project focus on “Evaluation of IQA System in DSMA: Moving toward Quality Culture” to expand improvement in local health professions education systems and it will be conducted among faculty members including demonstrators, assistant lecturers, lecturers, assistant professors, professors, and some administrators from of DSMA.

The main aim of this study is to explore the knowledge, skills, and attitude of faculty towards the IQA system in DSMA before and after IQA training and to develop Quality culture (QC) among faculty members for our institutional education program.

Your participation in this research is completely voluntary and you may refuse to participate without consequence. Your answers will be anonymous and kept confidential. There are no potential risks to participating in this study. There are no anticipated direct benefits to you in this study, but we expect there will be benefits to IQA as well as QC for our institutional education program.

If you need any further information, please do not hesitate to contact the principal investigator. Your participation is greatly appreciated!!!
